Remarks

I had taken a closer look at her face to see if there was any swelling. There was swelling under her left eye. There was also swelling to the left side of her eye. The swelling had a purple discoloration. She also had a bruise on her right arm at the inside elbow. It was mostly red with some green coloration. MPO Marshall had taken pictures of her face and arm. She later stated the bruise from her arm had come from Daron grabbing her Sunday night at 8pm. [redacted] wished to press charges against [redacted] I gave [redacted] a victim services card. MPO Marshall told her we were going to petition for a warrant and an EPO

MPO Marshall and I then proceeded to the ADC. I petitioned for a warrant and an EPO. Both were granted. We then proceeded to the warrant desk to have the warrant inputed. I also faxed the EPO to teletype.

A copy of this report will be sent to the commonwealth attorneys office. The film will be sent to crime scene

Remarks

I responded to the listed address. I met the victim and she showed me her left rear vent window was broken. I asked if anything had been taken, and she said no. She believes someone in the neighborhood hates her, but she does not know who. She mentioned a man who drives a car with a distinct muffler sound. She heard the noise last night. When asked if she wanted me to go talk with him, she declined.

I conducted a neighborhood canvass, and the results are as follows:

[redacted]

The canvass concluded no witnesses. This case is inactive based on no witnesses and no suspects.

Remarks

I responded to the listed address. Upon arrival, I met the victim who stated his car had been stripped. While looking at the car I had noticed all 4 wheels had been taken. There was a jack on the left side of the car still holding the car in the air. There was also the spare tire underneath the right side of the car. I looked inside the car and all the seats were missing, the steering column was missing, and the stick shift was missing. I had looked under the hood of the car and the engine and surrounding parts appeared to have not been tampered with. The victim had also told me his golf clubs and golf bag were missing from the trunk. He also told me one of his cell phones was missing. He was planning to return the cell phone - thats the reason he left the cell phone in the car.

I then searched for fingerprints within the car and found one by the radio where the steering wheel was near. I lifted the print and prepared it to be sent to Novaris for processing.

I then conducted a canvas of the surrounding area and spoke to the following people:

Remarks

[redacted]

The canvass I had conducted concluded no witnesses. All three had not seen or heard anything in relevance to this case

I did not dust for fingerprints on the outside of the car because it was raining

The victim has no suspects in relevance to this case

The suspect left a screwdriver and a wrench on the scene. We will collect those items from the victim on wednesday.

Remarks

I responded to the listed address. The victim advised me she was assaulted by her daughter last week. The reason for the assault occured because her daughter [redacted] discovered that her parents knew about the credit cards that [redacted] stole from them. [redacted] ught [redacted] attention that they knew she took credit cards and charged the credit cards at different locations. See case number 06244-001572.

[redacted] had pushed her mother [redacted] and yelled at her.

While speaking with [redacted] she stated that this assault is not the first time she has been assaulted. There was another incident on June 26th, which [redacted] did not reported either. On June 26th, [redacted] spit in [redacted] face, pushed her into the bed, punched her into the head, and there were shoulder bruises. I asked [redacted] why she had not reported that, and [redacted] replied by saying she was afraid that [redacted] would take [redacted] grandson, [redacted] son away ([redacted]).

[redacted] does not have custody of [redacted] but I told her that she can go and file a petition for custody based on that [redacted] according to [redacted]

Remarks

I responded to the listed address. This is in reference to case number 06244-001145. [redacted] had taken her mothers credit cards and spent/used at different locations. [redacted] mother [redacted] had discovered her credit cards in [redacted] purse. While talking with [redacted], she showed me statements of where the credit cards were used and the amount charged. [redacted] had charged the MasterCard $578 at the Fairfield Inn Marriott at 23000 Dulles creek Drive, Sterling, VA 20166. [redacted] had also charged the VISA card $173 at the Body Art Tattoo Studio at 8-A Chalmers Court, Berryville, VA 22611. The Fairfield Inn Marriott can be reached at 703-435-5300. The Body Art Tattoo Studio can be reached at 540-955-0011. At this time, she does wish to press charges. We advised her to send us a copy of the bank statements in reference to the charges. I took the credit cards and placed them in the property room station 7 as evidence

Remarks

Complainant/Victim came into station 7 to make a complaint that his license plate was stolen. He had mentioned to me he had noticed it missing while he was in Bowling Green, Kentucky on vacation. He is not sure when it went missing though. The date he gave is 24 Aug - the last time he noticed it. I took his information, his car information and license plate information. OFFICER MARSHALL told [redacted] that he need to go to the DMV and have his other license plate destroyed. I then took the information and entered the tag into NCIC. The person I talked to in teletype told me "NO" with an EIN 8835. He entered the tag into NCIC

Remarks

MPO Marshall and I responded to the listed address. We met the complainant. He stated he had his car stolen. He also stated his keys were missing from his bedroom. Another set of keys were also missing. He stated he had a party at his residence last night, so it could have been a possibility one of his friends took the car. I had asked for all the names and phone numbers of the people who were at the party last night but he did not remember. He stated he drank too much and passed out. When he awoke, he went to his car and found it missing. I had asked him if he had possibly taken the car after he had been drinking and parked it in an unknown place. He had become enraged and become verbally abusive. He had continued to be verbally abusive until our departure. I had him fill out a stolen vehicle checklist, but he could not complete it. He did not know the tag for his vehicle. His Godmother [redacted] gave him the information over the phone. She is the registered owner of the vehicle.

Upon our taking another complaint who had just walked up to us, the victim had walked down Darlington Dr. He had come back to us and stated he had just found his car. We had continued to go to the vehicle. The vehicle had been parked at ground

the parking lot of [redacted]. The left rear bumper was caved in as though it had been in an accident. The victim stated the car was all intact before it had been stolen. There was also a piece of bumper plastic that was thrown in the back seat. There was also a red plastic cup in the center console cup holder that was not his. I had taken fingerprints off the cup. The fingerprint was spotted at the top of the cup. I had also spotted a fingerprint on the plastic piece in the backseat of his car. I had originally wanted to take fingerprints from other parts of the vehicle, but much of the inside of the car had been covered with dust and cigarette ashes. The fingerprints will be sent to NOVARIS for processing.

MPO Marin had also responded with a camera to take pictures of the vehicle. The pictures will be sent to crime scene for processing.

During my inspection of the vehicle, I could not locate the keys of the vehicle.

I had then conducted a canvass of the surrounding area. These are the results of the canvass

to two persons, they have seen the car before. [redacted] who is from the other report I had started came to me and stated he had overheard the victim talk on his cellphone. [redacted] is a victim of a hit and run car accident. He had not been in his vehicle at the time of the accident but had come outside to look at the damages to his vehicle when he overheard the victim talking on his cellphone stating he had hit another vehicle with his car. The car he had hit was parked behind his. When [redacted] had confronted the victim about it, the victim had changed his story and stated he had no idea what [redacted] was talking about. See accident case number 06314-001249.

I had then asked where the victim had parked his vehicle the night before it was stolen. He showed me. The victim had parked across the street adjacent to [redacted] car, by [redacted] He had parked the vehicle facing away from [redacted]

The victim had continued his verbal abuse, mostly stating we weren't doing enough. He stated numerous times we needed to do our jobs better. He was constantly cursing out loud and was very difficult to work with.

I then entered the stolen vehicle into teletype, then immediately removed it based on the vehicle had been recovered. I had also given the victim my business card and explained to him a detective will be getting into contact with him shortly

We then cleared the scene. Case status is active TOT CIB

The teletype employee I spoke to has an ein of 8331

Remarks

MPO Marshall and I responded to an event at Burke School. Apparently there had been several adults restraining a child. Upon my arrival, I was told by the complainant that [redacted] a seventh grader had started to act up and had an emotional outbreak. He had been cursing and yelling at school, so some of the faculty had grabbed him and took him outside so he could calm down. [redacted] had remained seated the time I had been there and was not saying a word. When he had calmed down, he did not want to go back inside the school. He had been refusing to stand. About the time of our departure, [redacted] had decided to stand and go back inside the school.

Remarks

I met [redacted] on the Fairfax County Parkway between Reservation Dr and OLD Keene Mill Rd. He had been parked on the sidewalk being traffic cones. The traffic cones were for construction purposes. When I approached him, he stated he had found an arrow board that was stolen from his company in 2003. He had noticed the board while he was walking down the sidewalk and recognized the "asset number." He had called his company Northern Pipeline and gave the asset number and vin number to his company. He stated the asset number and vin were the same as the arrow board that was stolen in 2003. I had called teletype for identification of the VIN, but it came back with no response.

As I was calling Teletype, [redacted] had pulled his truck behind my cruiser. He stated he worked for Mount Vernon Asphalt. He was curious why we were around his arrow board. I explained the situation, and he stated he would not doubt if it wasn't his. A worker of his may have packed it up without reading what was on the arrow board. A co worker of [redacted] quickly spoke up and said "we have chicos, they don't speak English" He had stated this several times

[redacted] had called his record room. I had spoke to [redacted] who stated they had no VIN numbers as the one I read to him. I asked [redacted] what he wanted to do and he stated that if the arrow board belongs to Northern Pipeline, they can take it. [redacted] had another arrow board brought to direct traffic, [redacted] reclaimed his arrow board

There are no suspects to this Grand Larceny that occured in 2003. Case status is inactive.

Remarks

MPO Marshall and I self dispatched to a civil dispute. The complainant had stated she would meet us at the intersection of Southrun rd and Owling Creek dr. We met the complainant at that location. She stated she had been trying to obtain a restraining order against [redacted] because she didn't want him around her daughter. She stated another officer, PFC R Vuchnevich took a report about 3 weeks earlier. The report is supposedly about her daughter being handcuffed to her bed with [redacted] standing over her naked. The case number for that report is 06287-000386. The complainant had stated PFC Vuchnevich was supposed to obtain a restraining order on [redacted] but she had heard nothing back. There was none on file.

I then spoke to [redacted]. She stated that [redacted] is her ex-boyfriend. He had messaged her online to meet her. He messaged her about 0820 hours. He came over to the house to help walk the dog around the neighborhood. [redacted] then stated her mother came outside to yell at [redacted] then left the neighborhood on his bicycle, [redacted] through friends at South County High School.

The complainant stated she had tried to follow [redacted] home after he had tried to run her over with his bicycle. The dispatcher told the complainant not to follow, so she didn't

Remarks

The victim waved me down to make a complaint. He stated his vehicle had been tampered with. Looking at the truck, I noticed the front windows were smashed. There was glass inside the truck; inside the passenger compartment as well as on the asphalt outside. I had also noticed the glove box was open. The cargo department door had also been opened. The door had been closed but the victim had stated to me he saw the lock to the door in the grass. I had looked at the lock. It wasn't cut. It didn't seem as though someone had tried to break it. It appeared to have been open with a key. The cargo department was opened and found nothing had been missing. His property seemed to have been thrown around, but the victim had stated it was like that before. Nothing from the cargo department or the passenger department was missing. The glass from the windows were broken, nothing was stolen. I had attempted to process the lock for fingerprints but was unsuccessful. No prints were found.

There was a silver pipe laying on the ground to the right side of the truck. There was also a hammer laying across the street. I had not processed the pipe for fingerprints because it had been laying on wet grass. The pipe had water all throughout the pipe. The pipe will stay in station 7 property room as evidence. I will request PFC Leach to process the

Remarks

MPO Marshall and I responded to the listed address. The victim stated her car had been broken into. As I was looking at the car, I noticed ~~the~~ front passenger side window had been leaning to the outside of the car. The window frame had been broken causing the window to lean. The trunk had also been open. The driver side doors had been locked, but the front passenger side door was unlocked. Someone had probably broken the window frame, reached in with their hand and unlocked the door. The victim stated her doors had been locked the night before.

The victim noticed her work Id and pass had been missing from the front of the car. There was also a cellphone that was in the trunk that was missing. The cellphone is about 2 years old and was inactivated long ago.

I could not dust for fingerprints because the outside of the car was wet, possibly from a drizzle of rain the night before. The victim also had no suspect information. There were also no tools that could have been used to enter the vehicle.

I advised the victim to call her workplace and have them know that her work Id and pass is missing.

Case held as inactive.

Remarks

MPO Marshall and I reponded to the listed address. We met the complainant. She stated she has a rental agreement that ends on the 30th of Nov, but the homeowner [redacted] has been trying to throw her out of the house. The complainant was given a notice on the 1st of Nov to be out of the home by Nov 30. The rental agreement termination notice states that since the complainant does not speak often to the homeowner, the homeowner wants her out of the house. The complainant stated [redacted] has been going into the complainants room and removing personal items. [redacted] was not present at our arrival, but the complainant [redacted] went to get a lock so the complainant could no longer enter the house. We had waited for a few minutes for [redacted] to return, but she did not. She had been tried to be contacted by cell phone, but there was no answer.

The complainant was advised she could not be thrown out of the house when her rental agreement is still active.

Case closed as a service.

Remarks

MPO Marshall and I responded to the listed address. The complainant stated the police were at his residence the night before responding to gunshots. That case reference to 06314-003043. The complainant had called us because he believed the man who fired the gunshots is in his neighborhood. The complainant saw the person about 10 minutes prior to our arrival. The suspicious person had been walking around his neighborhood looking underneath cars. The complainant had given me the description of the suspicious person. MPO Marin had spotted the suspicious person at Reynard St. MPO Marshall and I quickly responded. There was a hispanic male who had matched the description [redacted] was questioned on where he was going and what he was doing. He had stated he was looking for his cousins house but could not locate it. He had come from Centreville to visit. His cousin was supposed to take him to Fullerton Auto Body to pick up his car. [redacted] did in fact have a car at Fullerton Auto Body. [redacted] did not have any weapons on him at the time of questioning.

The complainant did not say he saw the specific person who fired the shots, but believed it may have been.

Remarks

MPD marshall and I responded to the listed address. We met the complainant. The complainant stated she and her husband are not getting along. Her husband [redacted] had come into her place of work - Target. He was following her around giving her strange looks. Those strange looks made her uncomfortable. [redacted] Then left the store and went to her car. The complainant stated he was trying to open the car doors even though he does not have keys for the car. The complainant stated her husband verbally harasses her, such as saying "If you were a better wife, things would be different." The husband has never hit her, but harasses her verbally

She had called the police yesterday and spoke to OFC Loesch, reference case number 06315-000679. Even after speaking with OFC Loesch, she felt she was in danger. She stated it is unfortunate she is still married to him.

I gave her a victim services card. I also gave her my business card. Case closed on a service. A copy of this report will go to DOMVIO

Remarks:

MPO Marshall and I responded to the listed address. We met the victim. He stated someone had opened his car door and took some items. The items that are missing a visa card and a rebate form. The visa card and rebate have no further credit. The visa card cannot be used. The rebate cannot be used. The victim stated his driver side door was ajar. His car keys that were left inside the car were found with one key inside the trunk keyhole. The trunk could not be opened. The victim stated whoever did this had to push the trunk release button. The trunk could not have been opened with the key. Inside the car, I had noticed a cd, papers, and a charger on the passenger front seat. Before our arrival, The victim had taken the car keys out of the trunk keyhole. He had also sat in the car moving items around. The victim had been living with his brother for a few days. He was taking care of the home while his brother was on vacation.

Although the scene had been contaminated by the victim, I had lifted Latent fingerprints off the cd case in hopes a possible suspect could be found. I will send the fingerprint to Novaris for processing.

I had then conducted a canvas of the neighborhood. These are my results:

[redacted] There had been no answer at the door at the time of my arrival.

Remarks

mpo Marshall and I responded to the victims residence. She stated she had been assaulted. She had been at a party, but at the time of the assault, no one had been around. [redacted] had come to her saying someone had tried to break into her car, but he stopped them. She did not believe him because he was drunk and could barely stand. Once she stated to him she did not believe him, he had grabbed her arm and hit her in the face. She next found herself on the ground, and [redacted] bit her on her right calf. After he bit her, he went outside and threw a log at her car. She was then able to leave the residence and go home.

When I was looking for injuries from her story, I did not see any scratches or bruising on her face. The victim said he hit her by the left jaw bone. I did not see any injury to that area. I then looked at her left arm. There was a bruise, red in color, above her elbow. It had a linear shape moving in the direction up and down her arm. I then looked at her calf. I had first noticed the bite mark. There was a red circle that could possibly be from [redacted] teeth. Half of the circle had blood marks from the teeth. There was bruising, purple and red coloration around the bite mark.

I had then gone outside to look at her vehicle. I looked at the left side mirror. The mirror

Remarks

had been broken. I did not see any mirror on the left side of the car. The left door handle was lifted up. It was in the position as trying to open the car door. The door handle remained in the open position. The right side mirror had been hanging off the car. It had been ripped off its bearings. The right door handle was in the up position. It was the same as the left door handle. There was also a dent at the top of the right front fender. I had looked inside the car. The light on top of the roof had been missing its protective plastic piece.

The victim stated she did not want to press charges at this time. She had been interested in taking [redacted] to civil court instead of trying to prosecute him criminally. MPD Marshall had taken pictures of the damages of the car. He had also taken pictures of the victim's injuries. The pictures will be sent to crime scene for processing.

I gave the victim a victim services card and advised her she should call the number listed on the card. I had also given her my business card for if she would have any questions.

Case closed exceptionally - victim refused to cooperate. She did not wish to prosecute at this time.

Remarks

MPO Marshall and I responded to the listed address. A complaint had come forth stating there were children living in a van. Upon our arrival, we met [redacted]. He had been asleep in the van when I knocked on the back door. He woke and came outside per my request. I told him the reason for our appearance. He understood. He stated that there were no children living in the van. I had asked him if I could look inside. He said yes. I looked inside and did not see any children in there. [redacted] stated that three of his four children attended Nevington Forest Elementary school. I had asked for the ages of his children. He had changed his mind several occasions and at times thought for an extended period of time for the ages. He knew the names of his children immediately. He stated his children with his wife at [redacted]. I had asked why he didn't live with them and he stated he does not get along with his father in law. His father in law also lives at the house [redacted]. He believes it is much more hassle to live in his van than in the house.

The wife of [redacted] had then come walking up to us. I spoke to her about the entire situation. She stated that her father has a restraining order out against [redacted]. It has been in effect for one year out of two. He is not

to come near his house within 500 feet. The restraining order is from a physical fight that occurred. [redacted] drives the children to see their father every day in the van, but stated they have never slept in the van. With [redacted] was 1 ½ year old [redacted]. It was cold in the morning, but [redacted] had no jacket or shoes, [redacted] had been sitting in the stroller. [redacted] did have a jacket. The other children, [redacted] had been attending Newington Forest Elementary School.

MPO Marshall and I then went to Newington Forest Elementary School to check on the welfare of the children. I had asked the Assistant Principal, [redacted] if all the children had been currently in class. All children were currently in class. We then had [redacted] brought to the conference room in the main office. We wanted to ask her if she had been living in the van. Assistant Principal [redacted] had sat in with us. We had spoke with [redacted] at great length. She stated she lives at her grandparents house at [redacted] Lane. Her mom does not live with the children. She lives with her husband in the van. Her mother comes to the house daily to bring the children to see their father. I asked if she has ever slept in the van. She has slept in the van once. It was last year when her grandparents went on vacation in the caribbean. She stated there was plenty of food and water that was packed in a refrigerator. To get rid of the trash in the van, they took the trash out to the trashcan outside her grandparents house. Overall, she and her siblings sleep inside the house. [redacted] appeared not to have been malnourished. She had clean clothes and didn't appear to be in any danger.

Remarks

NPO MARSHALL and I were dispatched to a missing juvenile follow up to make contact with the juvenile. Upon our arrival at [redacted] I met the complainant. She stated the son had come home, she had also taken him to work about 1330 hours. He works at the Pizza Hut in Silverbrook / Village Shops.

We then changed our location to Pizza Hut to make contact with the juvenile. We met [redacted] at the Pizza Hut. He had been currently working. He stated he had not left the house, but slept outside in the backyard, then moved to the frontyard during the night. He had decided to sleep outside because his mother told police there were guns and drugs in his room. He also stated his mom knew where he was located, but decided to call the police anyway to get him into trouble. He stated his mother worries too much.

There didn't seem to be any danger to the juvenile. He was well and good [redacted] said he will be going home at the end of the night. Case closed as a service.

Final Evaluation
Session 49

Officer Adam D. Torres , EIN 3681
Fairfax County Police Department

This is the final evaluation for Officer Torres . Officer Torres has been assigned to the 9th squad of the 49th Session of the Fairfax County Criminal Justice Academy. It has been my honor to be his squad leader for the entire time. After graduation on August 16th, 2006 he will be assigned to his duty station for what I believe will be a long and rewarding career in law enforcement.

All of the training paperwork required to graduate has been completed, and turned in for record purposes. The reports are neat, well written, and easy to read. All the paperwork contains the required information. Any and all mistakes initially made when writing the paperwork were easily corrected; and did not carry over from the previous report.

I have reviewed all of the practical sheets for Officer Torres and I find them to meet the standards set by the Department of Criminal Justice Services. In fact most of the practical sheets show Officer Torres accomplishes the training objective in the first attempt. Any and all comments made by the evaluators were either positive or constructive in nature. Officer Torres has completed all the tests required by this academy for graduation, to include the final DCJS State mandated test.

As a member of the defensive tactics team I have been able to observe first hand the progress Officer Torres has made in this training. He has exhibited good officer safety principals, which should assist him in his career. I have spoken with the physical fitness staff and they have assured me his progress here is equally impressive. I am sure that Officer Torres will continue to train in both defensive tactics and physical fitness once he graduates from the academy.

I have enjoyed being Officer Torres's squad leader these past six months. He is highly motivated, and always willing to go the extra yard. For a young officer he possesses skills that some officers take years to develop. On the few practicals that I have evaluated with Officer Torres I have noticed him to be a "take charge" type of person, and I could always count on him making the right decision. Officer will be a welcome addition to his department, and should the time ever come to work the street with him I would consider myself fortunate to have him as a partner.

Session 49
Mid-term Evaluation

Recruit Adam D. Torres
Fairfax County Police Recruit

This is the mid-tem evaluation for Recruit Torres. Recruit Torres has been assigned to the 9th squad of the 49th Session of the Fairfax County Criminal Justice Academy. I have been assigned as his squad leader for the entire time. Upon completion of the academy Recruit Torres will be assigned to the Fairfax County Police Department to begin a long and successful career in law enforcement.

At this point in the academy Recruit Torres has completed all the required training; to include both practical and written tests. Completed testing includes all phases of breakout, two academy exams, and two spelling tests. Recruit Torres has scored with in acceptable limits and given his combined test scores Recruit Torres is currently ranked in the middle third of his class.

As a member of the defensive tactics team I have been able to observe first hand the progress Recruit Torres has made in this aspect of his training. Recruit Torres has approached the training with a great attitude has always been willing to take the extra step to become proficient with control tactics. I have also been able to observe Recruit Torres during the physical training portion of the academy. The same attitude I have observed in defensive tactics is carried over into that portion of his training.

I have reviewed the practical testing sheets submitted by the evaluators and I find all the comments either positive or constructive in nature. Most of the testing is accomplished in the first attempt. The reports and paperwork submitted by Recruit Torres is easy to read and understand, and while there are some understandable mistakes they are easily corrected, and do not carry over to the next report. I am confident the quality of Recruit Torres's paperwork will continue to improve through out the training.

Recruit Torres should continue his exceptional performance through out the rest of his training here at the Fairfax County Criminal Justice Academy. I fully anticipate his graduation in August, and I look forward to the moment.

Why a Law Enforcement Officer should be Fit

The best reason a law enforcement officer should be fit is based on the fact that law enforcement is more likely to be in a fight for his or her life than the average citizen. Since law enforcement deals with the most dangerous people, especially in a community level and risking their own lives for the better good, it is especially necessary that law enforcement be in a better physical shape than the average citizen for the purpose of being able to overpower, outlast, and if necessary take a beating. For these reasons it is best to be not just in physical strength, but physiological as well as endurance.

Being in a fight with another person can be tiring even if only for a few minutes, but a law enforcement officer needs to have the upper advantage if only holding a suspect to the ground, because there are suspects that do not give up and will fight to try to get away, and the way to do that is to hurt other law enforcement, so being in good physical shape keeps physical endurance up to keep that fight going, and physical endurance increases recovery time, not only from being physically exhausted, but from medical attention needed, if necessary

Another reason a law enforcement officer should be fit is for the occasions law enforcement must chase someone on foot. Running is essential for physical endurance. The longer a person can run could be an indication that person can sprint harder, faster, and longer than the average person. This is always great to catch that person law enforcement is chasing. Once a person has great stamina, they can keep running, even though they may be slowing in the running after a long sprint, they can still keep the legs moving and the lungs not gasping.

Along with running, and which helps a person stay in good physical shape is weight lifting. Weight lifting and weight training is essential for law enforcement. Being bigger and stronger than a suspect helps keep law enforcement officials alive. Not only does being stronger take a suspect down faster, being stronger decreases the chance of injury a person may try to inflict on law enforcement. When it comes down to it, muscularity even prevents the most serious injuries. In the

DEF009973

event a serious injury is inflicted, muscularity increases recovery time, allowing getting back on the job faster

When a law enforcement official can run and has physical strength, they are a force to be reckoned with. Given this, it is pertinent a law enforcement official can outlast and out strengthen a perpetrator. It is a fact that law enforcement officials are most likely to be in a fight for their lives, so being in better physical shape than the person they are fighting gives law enforcement a better chance at winning that fight. In short, law enforcement officials have given up the right to be out of shape. If a law enforcement official is out of shape, they have a better chance to end up in a coffin during their career.

T.O. / A.T.O. / P.B.O. Counseling Documentation

Name: **TORRES, Adam D.**

Session: **49** Squad: 9 Date: **June 19, 2006**

The above named Trainee incorrectly answered question(s) on ACADEMY EXAM 3, which were designed to measure proficiency on mandated Department of Criminal Justice Services' Training Objectives (T.O.); Performance Based Objectives (P.B.O.); or Academy Training Objectives. Trainees are required to demonstrate proficiency in all compulsory training areas. Each Trainee must do so within three attempts. Failure to demonstrate competency in any T.O. / A.T.O. / P.B.O. area may be grounds for dismissal from the Academy.

A test review will be conducted which will provide all Trainees with the correct answers to all missed questions. Following the test review, the Trainee is directed to contact the Instructor of the missed material to obtain additional remedial training. All remedial training must be completed a minimum of 24 hours prior to the scheduled re-test date. The below listed (Objectives) will be re-tested on July 6th, 2006.

Remarks

On 7-28-06 at 1857 I met the complainant [redacted] who said her purse had been stolen. During the investigation, she did not know what her purse looked it; could not describe it, she stated her address was in Geneva, Ohio, and she did not know how she arrived at the mall. She believed she arrived with her daughter but she did not know. In lieu of hearing this, I asked her daughters name, then called the front desk of the mall to page her daughter, [redacted] arrived shortly after, and was relieved to find her mother and she also had her mothers purse

I talked to [redacted] for a few minutes and she said that her mother does become forgetful, and while at home, starts dialing odd numbers, such as numbers in Japan for no reason. I gave some advice for [redacted] to go see her doctor and to be referred to a specialist in diagnosing alzheimers, and then I talked about Safe Return and gave [redacted] the brochure

I cleared the scene at 1915

Remarks

On July 12 at 1229, I was dispatched to [redacted] in reference to a silent alarm by [redacted] when I was approaching the business with 110B, a man came out through the front door with a gun in his right hand. I immediately took shielding and engaged the suspect by issuing verbal commands. I told him to drop the weapon, but he had put it in his back jean pocket. As I ordered, he raised his arms and walked backwards towards me behind shielding where I proned him out and handcuffed him. I called PSCC for more officers to the scene. While 110B was keeping an eye towards the entrance of the building, I seized the gun and then conducted a search finding a $10 Bill and his OL. I then secured the suspect in the cruiser with one of the arriving officers. I then called PSCC to call the business / MANAGER to come out with an ID and business card, and have PSCC to give me a description of the owner. A female walked out the front door where I had her raise her arms and walk backwards to me behind cover. She told me her ID was in her right pocket. I then handcuffed her while she was prone, then searched her right pocket where I had found an OL and business card. I stood her up

and removed the handcuffs. I then questioned her on the events.

[redacted] said that [redacted] was walking around the store and then came up to her and pointed the gun at her face, saying, "Give me the money," She gave [redacted] $10, all that was in the register. [redacted] then asked, "Is there any money in the safe?" She then walked over to the safe, pushed the silent alarm button above safe and told [redacted] that she didnt remember the combination because she was nervous and scared. [redacted] then told [redacted] to lay on her stomach, which she did and said "Don't call the police or I'll kill you" He then left the store where I encountered him.

I transported [redacted] to the ADC while Crime Scene Detective Vince Wong responded to the scene, and CIB detective Nancy Miller was advised to respond. At the ADC, I served a warrant from the magistrate, Mrs. Michele Bloom and she set a bond for $50,000.00. I then took [redacted] to booking. I then went to the warrant desk. I then called teletype after faxing the firearms clearinghouse form and the warrant

I notified my supervisor of the updates and cleared at 1300.

Remarks

On 7-17-06 at 1220 I was dispatched to [redacted] in reference to an assault and a stolen car. Upon arriving at the scene at 1225 I met the complainant, [redacted] who told me that while waiting in line at the Quik-E-Mart, he and another man started to have an oral argument. In a short time later, the man hit [redacted] in the face, took [redacted] car keys and stole his Honda Accord. According to [redacted] the suspect may have been drinking alcohol; based on the smell of his breath. The complainant told me it had happened five minutes prior to my arrival, so I obtained a suspect lookout and vehicle description and broadcasted it over DPSC, also indicating was last seen traveling North bound Lee Road towards Rt 50. I located a witness, [redacted] who said she only heard arguing, and saw a man rush into a Honda Accord. On the Honda Accord are two stickers; a Washington Redskins emblem and a "Support our troops" magnet on the rear passenger side. The car had a full tank of gas and 100,000 miles.

I contacted teletype to place the stolen auto into NCIC, ran a warrant check on the complainant which came up negative, and I cleared the scene at 1315 after finding no evidence left at the scene.

On 7-18-06, I was dispatched to [redacted] in reference to a complainant advising of two injured people. Upon my arrival, I was met by the complainant, [redacted], who came up screaming for me to hurry. She said that when she entered the store to work, she saw two people laying on the ground, one who may have been her father. I told her to wait outside while me and 110B searched the store. Upon searching, I found two people; one sitting in a chair hunched over to the left with a gunshot wound to the right temple of the head. He also had blood on the back of his shirt. There was a gun laying on the ground to the right of the chair. There was also a suicide note on the table to the left stating, "Mom and Dad, Im sorry for all the pain I've caused you. Please Forgive me. Love Always, [redacted]" The second body was laying about six feet away with a gunshot wound to the back. His green jumpsuit had been ripped off to the waist and was laying on his stomach.

I called dispatch to send another couple of officers, to send crime scene, and CIB to respond. My supervisor was also notified.

I then started to interview [redacted]. I asked her about [redacted], and

Remarks

[redacted] was an assistant manager working for her dad, [redacted], who was about to be fired from his job. [redacted] believed [redacted] was stealing money from the business so [redacted] was to be fired

After looking at the scene and talking with [redacted], I believe [redacted] and [redacted] were in a physical fight based on [redacted], having his jumpsuit ripped down to his waist, then [redacted] pulled a gun and shot [redacted] in the back. After killing [redacted], [redacted] writes a suicide note, sits down and shoots himself in the head

After giving the death notification to [redacted] of her father [redacted] I notified victim services. CSU Det V. Longerbeam arrived on the scene and started to process it. She was followed by CIB Det C. Ponsart who arrived on the scene and started to talk to [redacted]. The medical examiner of the two bodies is Dr. William Murray

I cleared the scene at 0900

Remarks

At 0820 on 6-19-06, I was dispatched to [redacted] Upon arrival I met the complainant, [redacted] She advised me that during 2300 Sun and 0800 Mon, someone broke into her business and stole some property. I called for a cover officer to assist me in the search of her business to be sure the suspect was not in the building. I searched the building along with 110B and discovered the area was clear. I then called in [redacted] for an interview stressing to her not to touch anything. As I was talking to her, she told me that her Toshiba Laptop and Digital Fax Machine was stolen. I then did a walk through [redacted] to know if anything else was stolen or out of place. I then wheed where the laptop and fax machine were located and soon discovered there was a cup where the fax machine was and a few blood prints next to the cup. I then searched for more evidence that could have been around. I soon discovered a screwdriver on the floor next to the door with blood on it, a fingerprint (visible) from blood, a cloth on the door lock, and there was also a print on the glass cup, a latent print I discovered with the use of my flashlight. The door lock seemed to have been pryed open.

Remarks

After talking with [redacted] she stated that no one has a key to her business and she is the only one who works there. There is also no security camera in place. She also said she didnt know if anyone saw the burglary. I then processed the visual blood prints by scraping after photographing into a druggist fold. I then packaged the cup and screwdriver into different evidence boxes, and the cloth into a druggist fold.

I then did a canvass and talked to [redacted] at [redacted] who stated he saw [redacted] locking up the business and didnt think anything of it. He also stated he did not see anything in [redacted] hands at the time of locking up. [redacted] knows [redacted] as an employee of [redacted]

I returned to [redacted] for further questioning and she stated that [redacted] used to work for her, but was fired 2 weeks prior for poor work performance.

I then took the evidence to the property room then transferred all back out to the Division of Forensic Science requesting a Laboratory Examination of the evidence for fingerprint analysis and a DNA sample from the blood prints

I cleared investigation and transfer of the evidence at 1100 hours.

Remarks

AT 0650, on June 15, 2006, I was dispatched to [redacted] in reference to a complaint advising she had been sexually assaulted at her place of work. After arriving on scene at 0650, I met the complainant, [redacted], who seemed frightened to open the door, but once she did, I noticed she was crying. I interviewed her in her office, where the alleged sexual assault occurred. [redacted] stated, that at about 0630, a man dressed in a UPS uniform and armed with a knife, grabbed her arm and threw her to the ground. The suspect then told her, "Take off your clothes." [redacted] then proceeded to disrobe. The suspect then climbed on top of [redacted], pointed the knife at her chest and said, "Don't scream, don't move, or I'll kill you." The suspect then penetrated her vagina with his penis, continuing to do so for several minutes. The suspect then stood and told [redacted], "Don't call the police or I'll kill you." The suspect then left the scene on foot. A moment after he left, [redacted] got dressed and called the police. After I had arrived and establishing the rape had occurred 20 minutes before, I notified PSEC using [redacted] office phone sending out a lookout description of the suspect

and that the direction of travel was unknown

[redacted] was reluctant to go to the hospital because she didn't want anyone to know. I assured her that I would not tell anyone and that her discussing her rape with family members or friends would be entirely her decision. Also, that going to the hospital was to check on her general welfare and health to be certain she would be alright. She then agreed to go to the hospital.

I then used her office phone again notifying ~~DFSC~~ to have a crime scene to come to [redacted] office and to notify my supervisor asking for a detective meet us at the hospital. I then transported [redacted] to Fairfax Hospital while crime scene Detective Vince Wang did his investigation on the rape location.

At Fairfax Hospital, [redacted] received a SANE exam. After finishing the exam, I pulled [redacted] over to talk to her where I gave her information for Victim Services, and also gave her my business card for if she wants to contact me. I then introduced her to Detective Jim Hepler from CIB, who is the investigator for the case, who found there is sufficient evidence after talking with [redacted] there was a rape and Assault and Battery

I notified my supervisor of the update and left the hospital

Remarks

On 5-10-06 at 1000 I was dispatched to [redacted] in reference to a larceny. There I met the complainant [redacted] who stated that his bicycle had been stolen. He had told me that he stopped to talk to his friend, [redacted] at the time. He took a few steps away from his bicycle to talk to his friend when somebody walked up and took the bicycle. [redacted] did not get a description of the suspect, but [redacted] saw the suspect walk to the bike and ride away with it. [redacted] provided me a description of the suspect to the best of her knowledge, and once I was told that it had happened 15 minutes earlier, I sent out a lookout for the suspect.

Remarks

At 0837 on 6-30-06, I was dispatched to [redacted] in reference to an unknown citizen advising a loud dispute is coming from the apartment. After arriving with 110B, we noticed from the window, a man and woman arguing with eachother. I announced myself at the door, and [redacted] saw us, opened the door, said "we dont need you" and tried to slam the door, but I had grabbed the door handle to prevent it from closing, and [redacted] went back to arguing with his wife. Me and 110B separated the two; I went to talk to [redacted] and 110B talked to [redacted]. [redacted] stated that all he wants is his dinner after coming home from a long day at work. He stated "I just want my pork and beans, and she started bitching at me" He states the argument was about money. I had noticed that [redacted] was bleeding from her right lip, which I had asked [redacted] about and he said, "I don't know how she got that, she probably bit it while she was snarling at me." I had asked him if he put up his hands and hit her and he said no.

I then conferred with 110B with [redacted] side of the story, and [redacted]

Remarks

[redacted] story is that he had pushed her during the argument; that his hand "slipped and pushed her in the mouth" [redacted] story is that [redacted] came home and said "Bitch, where's my dinner?" she showed him bills and how much they owed and he got upset. She says this is not the first time he hit her; one time he kicked her out of the bed because he did not like the smell of her perfume. They had married 10 years before, and first it was verbal abuse of "Bitch" and "Whore" and then it had escalated to pushing and shoving. Usually the above had come after he was drinking, but no longer needs to drink alcohol to hit her. He does not allow her to get a job or a drivers license..

I had then went back to talk to [redacted] again. I told him that his wife said that he had hit her. [redacted] stated that he had never hit a woman in his life, not even his ex-wife. I asked about his ex-wife and why they are no longer together and he said he had left her because she started to have seizures, and how he didn't want to deal with picking up a 350lb woman all the time. After he had said that, I went back to questioning the blood on his wife's face, and he continued stating he had never hit her and that she ran into his hand. I asked how did she run into his hand, and he stated that everytime he wants her to shutup, he puts his hand up to her face and tells her to shutup. I then asked if when he had brought his hand up to her face, if he had made contact with her face, if he swung the arm up and if hit her in the face. He said "its a possibility." I went further and asked that since he was in a heated argument, did he swing his arm up. He said he was flailing his arms around, so its a possibility.

I then conferred with 110B again and said I was going to arrest [redacted] for Domestic Assault, so 110B went to get the attention of [redacted] to tell her about the arrest, and of the EPO that will be served, the PPO, and gave [redacted] the number for victim services, and how victim services will be contacting her shortly while 110B was telling [redacted] this information, I proceeded to arrest

Remarks

[redacted] I conducted a complete search, and found no weapons. I ran a warrant check on [redacted] and [redacted] and both came up clear. I had then transferred [redacted] to the ADC. I took him to the Magistrate, where I received a warrant for Domestic Assault and the EPO was granted. I then served both the warrant and EPO to [redacted] and a bond was set for $2000 and a court date on 8-15-06 at the Juvenile and Domestic Relations Court. I then faxed the warrant over to teletype and confirmed the receipt

I cleared at 0916 and notified my supervisor I had finished

Remarks

After an investigation of a burglary on June 19, 2006, I sent samples of latent fingerprints to NOVARIS and immediately received a reply back that the fingerprints belonged to the suspect [redacted]. I also did a criminal history search and discovered [redacted] has a history of Burglary and Grand Larceny, Burglary in 1988 that was Nolle Prosse and Grand Larceny in 1996, which he was convicted of Petit Larceny. I immediately received a warrant of arrest for [redacted] and fortunately he did turn himself into the West Springfield station, where I met him, identified him, arrested him, searched him - finding a pocket knife in his right pant pocket, and then I immediately interrogated him. I brought him to an office, stated he was not free to leave, and read him his rights using a warning and consent form. He freely consented to speak with me without a lawyer. After talking with [redacted] he admitted to me that he broke into the Quik-E-Mart and stole a laptop and fax machine because he was desperate for money after being fired from the Quik-E-Mart 2 weeks earlier. He sold the two items to [redacted] a person who routinely hangs around 7-11, and whom routinely buys stolen goods. [redacted] refused to give additional information about "Josh" other than white male and Terry received $400 for the items. The reason he burglarized the Quik-E-Mart was that he was angry at his former employer, [redacted] for promoting another employee over him, and that eventually led him to being fired from the Quik-E-Mart

I asked [redacted] to write a confession to his crime, which he agreed based on my promise to talk to the magistrate and judge at his trial that he cooperated with the police. I told [redacted] that I would talk to the judge that he cooperated and wrote a confession for a possible lesser penalty of conviction

After he signed the confession, I took [redacted] to a magistrate [redacted] whom in front of I served the warrant and the magistrate gave [redacted]

She fired me about 2 weeks ago. She promoted someone else over me. She said I wasn't paying attention at work like I used to. ~~She's a bitch~~ AOT I'M I don't know. Being fired put me in a spot, I needed some cash. I went up, I guess it was the 18th to see Chris to get my job back. I know she works late sometimes. She wasn't there of course. I don't know what it was. I was desperate, so I broke in and stole her laptop and fax machine. I took it to 7-11 a couple days later and sold it to [redacted] He gave me 100 bucks for it and basically that's all there is. I'm sorry this happened, the bitch shouldn't have fired me.

Remarks

On 5/26 at 1620, I observed the vehicle swerving on Rt 661/Lee Road within the lane, outside the lane by moving into the next lane then back into original lane. The accused crossed the solid white line for a considerable amount of time, then came back into original lane. After observing this, I decided to pull the car over, where as he was pulling over to the side, ran over the sidewalk and then stopped. After approaching the vehicle and making initial contact, I noticed a smell of alcohol on his breath and 2 beer cans on the passenger seat. I asked [redacted] to step out of the vehicle and perform a few sobriety tests. The first test I administered was the horizontal gaze nystagmus, and I observed he had 6 errors with the test. The second test was the walk and turn. I noticed 4 errors; starting the test during instructional phase, raising arms above 6 inches above waist, some steps were not heal to toe but of wider ordinance, and improper turning. The third test was the one legged stand and noticed 2 errors; hands out more than 6 inches and was swaying. I then offered the PBT, which came up with a BAC of 0.12. I then arrested [redacted] based on a reasonable suspicion of Driving while Intoxicated. while waiting

[✓] You have submitted to a breath test pursuant to Virginia Code § 18.2-268.2, or a similar local ordinance, and either

[✓] the results show a blood alcohol content of 0.08 percent or more by weight by volume or 0.08 grams or more per 210 liters of breath, which has led to the issuance of a petition, summons or warrant against you for a violation of Virginia Code §§ 18.2-51.4, 18.2-266 or a similar local ordinance, or

[ ] you are under 21 years of age, and the results show a blood alcohol concentration of 0.02 percent or more by weight by volume or 0.02 grams or more per 210 liters of breath, which has led to the issuance of a petition, summons or warrant against you for a violation of Virginia Code §18.2-266.1 or a similar local ordinance, or

[ ] A petition, summons or warrant has been issued against you because of your refusal to submit to a breath test in violation of Virginia Code § 18.2-268.3, or a similar local ordinance.

You must surrender any driver's license you hold issued by the Commonwealth of Virginia to the arresting officer, who will deliver it to the magistrate, who will forward it to the clerk of the Court for the City/County noted at the top of this form.

The clerk of the Court will return your license to you at the end of the seven-day suspension period or the first day thereafter that is not a weekend or holiday, unless your license is otherwise suspended or revoked. You may pick up your license at the clerk's office at the end of the seven-day period or you may make arrangements to have the clerk mail your license to you. (See reverse side.)

You may request that the Court named above review the suspension. In order to do so, you must file with the clerk of the above identified court a MOTION FOR REVIEW OF ADMINISTRATIVE SUSPENSION OF DRIVER'S LICENSE/DRIVING PRIVILEGE on a form available at the clerk's office. The court is authorized to rescind the suspension only if you prove by a preponderance of the evidence that there was no probable cause for the arrest or that the magistrate did not have probable cause to issue the warrant or that there was no probable cause for the issuance of the petition.

Executed by serving a copy of this Notice of Administrative Suspension on the above-identified driver, in person, on this date and time.

Remarks

On 5-11-06 at 1429 hours, I was dispatched by radio to [redacted] in [redacted]. A citizen called and said that a possible mentally disturbed subject has been walking in the area acting in an unusual manner and that no weapons had been observed. The complainant did not leave any information and was not on scene.

After entering the [redacted] I saw [redacted] sitting at the desk in front of the computer. [redacted] is a black female wearing a tan shirt, blue jeans, and tan sandals, 39 years old, 5'8, about 200 pounds, black hair, brown eyes, with hair tied in a bun. After confronting [redacted], who did not need medical attention, she talked about her traveling agency not booking her flight. She said "I'm going to heaven, my husband is in heaven." I asked if she were to use weapons to get there, but she said "weapons are for criminals." She later said that her husband is going with her to heaven. I asked her where her husband is located and she replied, "he is sitting in front of you, don't you see him?" At this moment, I called dispatch to send me a cover officer, who arrived shortly after (1108). According to [redacted], the only family

Remarks

She has is on her husbands side, who hates her for not taking her medication. She told me that the reason she does not take her medication is because she cannot hear her husband talk. She refuses to go to the hospital in Tysons Corner and does not like her doctor, so she refused to give me the name. '[redacted]' her husband, tells her to take the medication also but she refuses. During my conversation with her, every few minutes she stood up and started to rearrange the brochures in the office. Against my requests, she did not stay still, but she was not hostile toward me. Then at one point, she stood and started to put all the brochures together and said, "I need a match so I can send everyone to hell." At that moment, I put her in handcuffs. I searched her and no weapons were on her body but there was a ileostomy bag.

She started to tell me to call her cats and to go feed them, so I obtained her address and phone number so I can go 'feed the cats' she refused to give me the phone numbers and address for her husbands family.

I then transported her to [redacted] for further evaluation and I cleared the scene at 1530 hours. I alerted dispatch of the transport and notified my supervisor.
